

## ANEXO A – AIML 1.0

O Quadro 6 apresenta as marcações do padrão AIML 1.0. A primeira coluna exibe a marcação, a segunda coluna o tipo a que a marcação pertence e a terceira coluna apresenta observações.

**Quadro 6 - Marcações AIML**

| <b>AIML 1.0</b>                             | <b>Tag Type</b>               | <b>Note</b>                             |
|---------------------------------------------|-------------------------------|-----------------------------------------|
| <b>&lt;aiml&gt;</b>                         | <i>AIML block delimiter</i>   | <i>[Closing tags not shown]</i>         |
| <b>&lt;bot name="name"/&gt;</b>             | <i>Built-in bot parameter</i> | <i>may appear in pattern</i>            |
| <b>&lt;bot name="XXX"/&gt;</b>              | <i>Custom bot parameter</i>   | <i>&lt;srai&gt;BOT XXX&lt;/srai&gt;</i> |
| <b>&lt;that index="2,1"/&gt;</b>            | <i>Built-in predicate</i>     |                                         |
| <b>&lt;that index="nx,ny"/&gt;</b>          | <i>Built-in predicate</i>     | <i>default "that"</i>                   |
| <b>&lt;that&gt;</b>                         | <i>AIML that pattern</i>      | <i>contains AIML pattern</i>            |
| <b>&lt;category&gt;</b>                     | <i>AIML category</i>          |                                         |
| <b>&lt;input index="2"/&gt;</b>             | <i>Built-in predicate</i>     |                                         |
| <b>&lt;input index="3"/&gt;</b>             | <i>Built-in predicate</i>     |                                         |
| <b>&lt;condition name="X" value="Y"&gt;</b> | <i>Conditional branch</i>     |                                         |
| <b>&lt;condition&gt;</b>                    | <i>Conditional branch</i>     |                                         |
| <b>&lt;gender&gt;</b>                       | <i>Gender substitution</i>    | <i>Exchange "he" and "she"</i>          |
| <b>&lt;date/&gt;</b>                        | <i>Built-in predicate</i>     | <i>date and time</i>                    |
| <b>&lt;id/&gt;</b>                          | <i>Built-in predicate</i>     | <i>default "localhost"</i>              |
| <b>&lt;get name="xxx"/&gt;</b>              | <i>Built-in predicate</i>     | <i>default "X-person"</i>               |
| <b>&lt;size/&gt;</b>                        | <i>Built-in predicate</i>     | <i># of categories loaded</i>           |
| <b>&lt;star index="n"/&gt;</b>              | <i>Built-in predicate</i>     | <i>binding of *</i>                     |
| <b>&lt;thatstar index="n"/&gt;</b>          | <i>Built-in predicate</i>     | <i>binding of * in that</i>             |
| <b>&lt;get name="topic"/&gt;</b>            | <i>Built-in predicate</i>     | <i>default "you"</i>                    |
| <b>&lt;topicstar index="n"/&gt;</b>         | <i>Built-in predicate</i>     | <i>binding of * in topic</i>            |
| <b>&lt;version/&gt;</b>                     | <i>Built-in predicate</i>     | <i>AIML program version</i>             |
| <b>&lt;get name="xxx"/&gt;</b>              | <i>Custom predicate</i>       | <i>Botmaster defined XXX</i>            |
| <b>&lt;gossip src="X"/&gt;</b>              | <i>Append to file</i>         |                                         |
| <b>&lt;learn&gt;X&lt;/learn&gt;</b>         | <i>AIML loading</i>           |                                         |
